Dear Sir:

~~A. F. [illegible]~~

This letter brings you the good news announcing the availability of the amazing new invention the ~~Atomotrone~~, Home Treating Unit, used to process irradiated water, producing in the water the type of energy in sunlight.

This amazing new treatment has already been clinically tested, and the water used to accomplish the control of blood pressure, and heart action replacing remedies formerly used for this purpose. In the E. D. Thompson Clinic the results have been spectacular and unusual.

Read the folder containing the clinical report, then take advantage of the offer in this letter, which will place you in a position to demonstrate this amazing invention to your family, your friends and your customers.

ETHERIAL ATOMIC FORCE

The impregnation of water with thermal rays has proved to be a wonderful stimulant and the electric rays make sedative water, which stops pain according to the clinical report in the folder.

Arthritis, stomach ulcers, high and low blood pressure, heart cases, both fast and slow, have been successfully corrected under proven medical test conditions, yet this treatment is absolutely harmless and research was done on this subject for 30 years by the inventor.

NO RADIO ACTIVITY

This energy produced by radiation is not radio-active. People who own these units drink the water daily to prevent or heal diseases. Overdosing is impossible.

VITAMIN AND MINERALS

The type of energy used in this unit is similar to that in sunlight, which contains all vitamins and minerals which is impregnated in growing food by the sun rays.

The demand for these units is great once they are demonstrated in a community where sufferers from chronic ailments tell their friends about the results obtained, you may now demonstrate this invention of the Atomic Age at once.

TO DEALERS

The Atomotrone sells at retail for \$300.00, which is indeed a low price, since it then processes water from the faucet. There is no further expense or remedy to buy, it processes four gallons of irradiated water during the night, sufficient to treat about 16 persons. There is a \$50.00 reduction in price to Health Stores.

HOW YOU MAY EARN MONEY

Should you become an agent or district manager of sales, another \$25.00 is allowed, provided you sell three or more units, and if you sell ten units, we allow still another \$25.00 commission, making a total of \$100.00.

Therefore, by buying ten Atomotrones at one time, we allow you \$100.00 commission on each unit, and all you need to do to sell them is to give a demonstration to some sick folks, just give them a gallon of electrical water if they have pain, or a gallon of Thermal Water if congested. Then wait for them to decide to own an Atomotrone and drink their way to health. You will be amazed at the results.

Bring this great invention to friends. If you become a district agent, we will pay for one radio announcement each week to bring customers to your place of business. This being something new, they investigate, then let them have the water and sell themselves.

TERMS

Due to the low price placed on this Treating Unit, we must ask one half of the purchase price with an order, and balance C.O.D., by express. The following price to prevail:
